MINISTRY UPDATE

A PERSONAL MESSAGE

We just returned from a fruitful trip to Venezuela. It is always a joy to see our dear brothers and sisters. Our friendship and kinship in Christ is so special. Words are so feeble to describe the sweet fellowship with the pastors and churches in Venezuela.

There were several important objectives for this missions' visit. Two new church plants are underway with a third in the preliminary stages. What a blessing it was to preach for Pastor Miguel and about 60 folk in the Living Stone Baptist Church, with one man trusting Christ in the service. Pastor Josue was a gracious host at his church and two precious ladies prayed to receive Christ as Saviour as well. Bro. Estelvio has a burden and vision for the new work in Chivacoa. Please take a look at www.thevoiceinthewilderness.org for pictures and reports of God's soldiers doing a great work in a needy country.

There is a hostile attack in the U.S. daily by liberal professors, revisionist's historians, and the liberal media! D.C. has a strangle-hold financially—spend, spend, spend is all they know. Growing bigger government, more regulations, the murder of freedom with the exception of their agenda, and the dismantling of defense is pursued with abandonment. This government is the problem—the problem to stifling what has and can again make America great! It's not a dependence on government we need, but rather a faithful independence celebration of old fashioned freedom, character and values. Hard work, the traditional family, and the respect for life are derived from the biblical foundation established by the founders of this nation. A bunch of blood sucking bureaucrats care nothing about rightness and know only the leftness of liberal ruin.

On March 9, 2010 then speaker of the House Nancy Pelosi said "We have to pass the [healthcare] bill so you can find out what is in it." What is in it are the lies of the Obama liberals plunging the U.S. into an abyss of no return. They could not even get their website up and running. Obama promised you could keep your insurance but 100's of thousands have lost coverage because of Obama care. Government continues to make a mess of Medicare, Medicaid, Social Security, the United States Postal Service and everything it runs to ruin. Obamacare is just another endless money hole that will enslave generations to come.

Will Obama, Nancy, and Congress have Obamacare for their personal Health Care Plan?—No, No, No, a thousand times No! As a matter of fact, the taxpayer will pick up the tab for their Federal Employees Health Benefit Program plus Obamacare that is and will continue to be a disaster. During the "shutdown," did congress suffer financial loss—Duh! Barack cronies and unions get a pass from Obamacare.

So is all doom and gloom? Absolutely not. As the missionary said, "Tomorrow is as bright as the promises of God." I have read the last book and the last chapter. Read Rev. 22:12-17. Hallelujah!

In that light, 2014 means opportunity. Please pray and partner with The Voice in the Wilderness in this faith ministry to the glory of our Lord and Saviour Jesus Christ!

Happy Trails!
For Christ and souls,

Ronnie Williamson
