NEWS BITS

FROM HERE AND THERE

Murderer! - Thou art the one. Our land reeks with the carnage. The tears and blood cries out "How long before someone will stop this vile legalize funded tragedy?" What perverted mind would think a mother could be so selfish, so cold and violent to willfully murder a baby? How is it that ones so-called plan for happiness and freedom can viciously dismember a precious child from the place of divine appointment? Can this act be born any place but hell? And, but for the grace and mercy of the loving God upon such perpetrators, hell should be their appointment.

Then others, who never truly own the name mother and father, bring a baby boy or girl into this world only to rob that innocent one of the love deserved. Abuse, pain, neglect and lies are afflicted by grown adults upon the utterly helpless. This exposure to drugs, alcohol, crime and the lowest of depravity inflicted on the tiny minds and bodies of children by those who ought to be their protector is absolutely criminal. Adding insult to injury a government enables this scum with Welfare, child abuse often repeatedly moving the broken little soul from Foster-to-Foster,

School-to-School, Therapist-to-Therapist with stolen taxpayer dollars. Is not such a country, such a system breeding violence from generation to generation? Even churches send their missionary to rescue the perishing, hungry child in a dark, impoverished border when Jesus stands at our Jerusalem door. He knocks at the hearts of affluence while the priests and Levite pass the multitude of babies fallen among the thieves. O America, America, which killest the

babies, and abuse the children how long will you close your eyes and shut up your mercy toward the helpless and innocent? Dear Church, how long will you sing and shout within your

four walled ivory palace oblivious to the cries for help next door, across the street and around the corner?

Washington Friends - Southwest Radio Ministries reported the passage of an Oklahoma law in 2010 prohibiting the use of international law or sharia law in Oklahoma state courts. The leading Muslim imam in Oklahoma said that this law would be overturned because they "had friends in Washington." Evidently, that was the case when a federal judge overturned the legislation.
